Minor relapse requiring 8 aligners

Result after 8 aligners

Minor relapse requiring 12 aligners

Result after 12 aligners

INVISALIGN
BLUE
DIAMOND
PROVIDER

Warranty aligners are Invisalign branded aligners. No attachments or auxiliary appliances are included. Aligners only will be given at a price of \$30/aligner. All follow up appointments will be done at the request of the patient and not scheduled by the office. Warranty aligners are considered "touch up" and not full treatment. Final aligner will be used as retainer unless retainer is requested for an additional \$25.

Account must be paid off in full or in current status before warranty goes into effect. If account is delinquent no warranty coverage will be honored.

RETAIN YOUR SMILES

INCLUDES:

- **UNLIMITED ADDITIONAL RETAINERS FOR LIFE AT A COST OF \$25/RETAINER**

**COST:
\$550**

Benefits of Retainer Replacement

Replacing retainers at appropriate intervals helps:

- Maintain orthodontic results and prevent relapse
- Ensure proper fit as teeth and bite subtly shift over time
- Improve comfort by avoiding warping, cracks, or pressure points
- Enhance hygiene—older retainers can harbor bacteria and odors
- Reduce risk of breakage from weakened materials
- Support long-term oral health by keeping teeth in stable alignment
